Debbie,

How, if at all, does this affect shipments to Phoenix?

With best regards,
Bettie

FYI ... there may be issues with getting cigarettes to Arizona and NY between now and at least Dec 9 - inform those in your groups regarding this issue and assess the potential impact; Shawn will monitor the situation and be prepared to update us on new requirements, and particularly required lead times, as they become available.

Due to recent changes in State Regulations, Philip Morris is prohibited from shipping unstamped "sample" cigarettes directly to the four states listed below. Unstamped "sample" cigarettes are defined as packs that do not have the State required tax stamp affixed on the pack. The state tax stamp designates the state where the cigarettes will be used.

New York
Utah
Pennsylvania
Arizona

Enclosed, please find an updated "Sample Request Form" that includes a message about the recent change. Please begin using this form ASAP.

<< File: NEW Sample Request Form 1-2002.xls >>

Please note, **No** shipments can be made to these states until an alternate method is developed that satisfies the new state regulations. A meeting will take place on December, 9th in New York to discuss developing a process/method that will enable you to meet your business requirements in these states. CS&D will be leading this effort in conjunction with Legal assistance. If you have any questions, please contact one of the following individuals:

Carol Vallone (NY Office) ext. 4158
Dee Smith (NY Office) ext. 3771

Please forward this e-mail to any co-workers that should be made aware of this change.
If I can be of any assistance, please give me a call.

Thank you,

Mike Kidd
Sr. Excise Tax Analyst
